The Historic Triangle Messmer Community Services Center was started twenty-five years ago to provide an array of essential services to vulnerable families in the Historic Triangle area under one roof. Today, our center is home to nearly a dozen partner service organizations that meet the growing needs of individuals in our community every day.

We strengthen the work of our partners and seek to improve the lives of those we serve through collaboration, commitment, and care. Our services reach thousands each year from toddlers to seniors, the financially distressed, the homeless and the handicapped. In 2018, collectively, we positively impacted the lives of over **35,000** individuals in the Williamsburg, James City and York County communities.

Show your support and cheers to 25 years!
